DETAILED ACTION

Allowable Subject Matter

Claims 1-3 allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest a non-shrouded device having a plurality of individually programmable light emitting diodes; a plurality of convex lenses, each associated with a respective one of the programmable light emitting diodes; a test pattern disposed among the programmable light emitting diodes; where the light emitting diodes are programmed to focus light in the manner prescribed by claim 1; where contrast sensitivity, accommodation, convergence and acuity of a subject are computed from the specific points; and where the test pattern is used to determine an optimum sunglass or filter color and density for the subject based on the computed contrast sensitivity, accommodation, convergence and acuity.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
